Auxiliary to Legion Post to Be Formed

Announcement was made at the meeting of the American Legion Wednesday that there is a movement on foot for the formation of an American Legion Auxiliary in Sierra Madre. This movement is being sponsored by Mrs. Harold F. Roberts, Mrs. L. E. Steinberger, Miss Elizabeth Steinberger, Mrs. W. E. Doty, Mrs. Elizabeth Scott, and other Sierra Madre women.

The mothers, wives and daughters of ex-service men, as well as women who are entitled to membership in the American Legion in their own right, are all eligible for membership in the American Auxiliary.

The formation of an auxiliary in Sierra Madre is of great importance both to the Legion and the community, and women who are eligible to join this organization are requested to communicate with Mrs. H. F. Roberts at Green 145 and express their willingness to support the project.

Past Commander C. S. Floyd was presented with a past commander's charm as a token of the Post's appreciation of his work during the establishing of the Legion here.

Harry R. Middaugh was elected to fill the office of chaplain vacated by Dr. Gilbert S. Bovard.

A representative of the Automobile Club will be at the Sierra Madre Garage on Tuesday morning and on Wednesday afternoon of next week to answer questions regarding licenses.

A basket luncheon at which a crowd of 18, Pasadena, Santa Ana, Pittsburg, and Sierra Madre people took part, was held Friday afternoon at Bridge Inn in the Canyon.

The ladies of St. Rita's society will have their monthly food sale Saturday, Jan. 31, at Welscher's store. There will be salads, cakes, etc.

Legion Dinner Attended by Local People

The annual dinner and dance of the Los Angeles County Council of The American Legion was held Saturday night, and was attended by the following Sierra Madre people: Mr. and Mrs. J. T. Railsback, Mr. and Mrs. H. F. Roberts, Mrs. Elizabeth Scott and Mr. Harvey Steinberger.

Following the installation of officers, the several hundred persons present danced until midnight.

MRS. HEASLEY ANSWERS CALL AT CANYON HOME

Mr. and Mrs. James Healey and their two boys, James, Jr., and Kendall, have made their home in Sierra Madre Canyon Park for the last four years and a half.

During that time they have made many friends and those who have come to know them learn with sorrow of the passing on of Mrs. Heasley Monday evening, Jan. 26.

Neighbors could only admire Mrs. Heasley's courage in the years she had been here trying to regain her health.

Just before Christmas her mother, Mrs. Rost Shurz, came here from Springdale, Pa., to be with her daughter. In addition to the relatives here, Mrs. Heasley is survived by two sisters and a brother. The latter has made the trip here from Pittsburgh to attend the services which will be held Saturday afternoon at 2 o'clock at Grant's chapel on West Central avenue. Burial will be in Sierra Madre.

Besides the California friends a large group of young people in the home town home town, Watsona, Pa., are saddened by the going of one of their number.

Mrs. Heasley was a member of the Order of the Eastern Star in Pennsylvania.

MASONIC DINNER ATTRACTS LARGE CROWD TUESDAY

A crowd of more than 40 Master Masons gathered Tuesday evening to partake of the feed that Senior Steward Raymond Andrews and his helpers had prepared. According to those present, if the ancient brethren were called to any better refreshments at the end of their labors, those were in reality the good old days. Not only was the menu well cooked, well balanced and abundant in proportions but it was also well served. Mr. Andrews' corps of assistants made sure that every diner present had everything he wanted, when he wanted it.

Following the meal, Frank M. Colville, secretary of the El Monte Chamber of Commerce talked on the ideal of service, which was interspersed with a number of entertaining stories.

The regular meeting of the Sierra Madre Masonic lodge will be held Tuesday night at the rooms in the second story of the Woman's club house. This is the regular stated meeting of the lodge. Visiting brethren are extended a special invitation.

Last Lap of 20,000 Mile Tour Related

While Mr. and Mrs. C. W. Jones and Miss Virginia were making their six-months circuit of the country, the News published a number of interesting letters from Mr. Jones touching on the high spots of their interesting experiences. The last was written from Washington, D. C. Since their return home a fortnight ago Mr. Jones has complied with a request to complete the story, with the following letter:

If I have started something as you say, and must finish, I am impatient to make the return and really be home in mind as well as body. So I will try to continue our journey from where I left off in our capital, the "marbleous" city, in November, and bring ourselves back to glorious Sierra Madre and home and friends.

After writing my last letter we had the pleasure and privilege of attending the christening of the Los Angeles (the great ZR3) which was one of the red letter events of our long absence. It was especially pleasing to us, for we had previously discussed making a special excursion up to Lakehurst, N. J., for the sole purpose of seeing this wonderful Leviathan of the air. And now we were to enjoy not only a close-up but also the ceremony of giving her a name.

In Official Circles
Through the courtesy of Secretary Wilbur we had an invitation which carried with it a box that put us in an enviable sitting amongst diplomatic and official personages of Washington's highest; including President and Mrs. Coolidge, many ambassadors and lesser lights, though shining brightly.

It was in the program to have this momentous event at 2:30 p. m., but they had not calculated with the new gas (helium) accurately, for it took four or five attempts at landing and finally it was necessary to allow enough of the precious gas to escape to buy several automobiles, before a successful effort brought the ship to anchor at about sundown. Mrs. Coolidge pulled a ribbon which sprung open a trap door that set a dozen or more homing pigeons free and with the flutter of their wings she said, "I christen thee, Los Angeles."

See President Lost
A rather amusing incident occurred during the unexpected long delay prior to the successful attempt at landing that big gas bag. As every one knows, the president lives and moves about in an atmosphere of secret service vigilance. But, alert as these S. S. men are, I was witness to his escape from said S. S. atmosphere.

Scout Troops Join in Big Meet Friday

Troops One and Two, of Sierra Madre, held a combined meeting at the Bungalow barracks, on the school grounds Friday evening. About 40 boys were present, and a big time was enjoyed, playing out-door games, having races and patrol try-outs. Council session was led by Dennis Stovall, scoutmaster of Troop One, assisted by Arthur Evans, scoutmaster of Troop Two, and assistant scoutmasters Lester Fennel and John Snyder. Mr. Winchester, field executive for the Pasadena district council, was present and made a talk. He also announced the approaching visit of Chief Scout James E. West, who is to be in Pasadena and meet all scouts of this district Saturday morning, Feb. 7. Arrangements are being made for Sierra Madre boys to go.

Another visitor for the evening was Robert Mitchell, chairman of the local committee, and also chairman of District Four Court of Honor. Mr. Mitchell attended the entire session, games and all, and made the boys an inspiring address. After this the scouts, led by cheer leader Earl Marsh, gave him a "rah! rah!"

Altogether, this was one of the liveliest and best sessions the scouts have held this year—and more are to follow. Council fires are to be held in the open, and patrol hikes taken to the mountains. Test work, and troop work in general is to be stressed. Troop Two, the "baby troop" of Sierra Madre, is making splendid progress under the leadership of Arthur Evans and his capable assistants. This troop is sponsored by the American Legion Post.

After Friday night's session, the scouts marched in regular order to the Wistaria theater, whose genial manager invited them to enjoy the second show. The picture, "The Code of the Wilderness," was greatly enjoyed by the boys.

Dr. Bridge Was Once a Resident of Sierra Madre

Dr. Norman Bridge, noted scholar and philanthropist, who died in Los Angeles a few days ago, was for three years a resident of Sierra Madre. It is to him that Sierra Madre owes its present water supply for he, as president of the Sierra Madre water company, took the initiative in a legal fight waged against an attempt to usurp the community's water rights by Lucky Baldwin, owner of the Baldwin ranch. The case was said to be won by testimony furnished by Dr. Bridge and the right to the water was forever settled.

It might be said that all Southern California owes a debt of gratitude to the climate of Sierra Madre for Dr. Bridge came here for his health and had he not found the climate favorable he doubtless would have died while still young and a benefactor to California would have been lost.

Valley Chambers Will Visit Here Next Tuesday

The Associated Chambers of Commerce of the San Gabriel Valley will hold their monthly dinner in Sierra Madre at the Woman's club house on Tuesday evening, Feb. 3, at 6:30 o'clock. Attendance is limited to members.

The speaker of the evening will be Dr. Frederic P. Woellner, lecturer in Civic Education, Southern Branch, University of California. Arrangements are under the direction of the Sierra Madre Chamber of Commerce. The dinner will be served by the Woman's club.

Only a few tickets will be on sale in Sierra Madre. Reservations should be made at once as no tickets will be on sale at the door.

Mrs. Leonard And Pupils Serve Club

To feast on a bountiful and delicious luncheon served by charming little waitresses in aprons and caps, and then to have generous samples of tea and coffee to carry home were the privileges enjoyed by all attending the luncheon and program at the Woman's club on Wednesday. One successful and enjoyable day following right on the heels of another successful day seems to be the rule at the Woman's club this year, this particularly novel and unusual program being enjoyed by 140 people.

The tables were beautifully decorated and many were the exclamations of admiration. The scalloped salmon and the potato rolls were cooked at the school by girls of the 7a grade and both articles were skillfully and deliciously made. The salmon used was donated by the Simpson Ashby Co. through Mr. Welscher. The rolls were made in the club kitchen by a demonstrator, Miss Peterson, representing the Globe A-Flour company, who succeeded in serving them wonderfully light and piping hot. Miss Vinton, representing the Holsum Baking Co., gave substantial evidence of what dainty and excellent sandwiches can be made from Holsum bread. The vegetable salad made by Miss Dowling, a demonstrator from the Mazola Korn Corn Products Co., proved that corn products are worthy of a trial by all housekeepers. The dessert, Jell-Well with whipped cream, and wonderful fruit cookies, was made by girls of the 8th grade. It was whispered about that the girls had absolutely no help in making the cookies. The Jell-Well was donated by the California Food Products Co. Coffee was made and served by the Ben Hur Coffee Producers, the Joannes Bros. Co. of Los Angeles. Miss Clarkson and Mr. Cook gave splendid talks on the merits of the Ben-Hur products. The marmalade furnished by the S. & W. Canned Foods Co. and their demonstrators, Mr. McDaniel, was given an opportunity to tell of the good qualities of the canned foods his company puts on the market. In fact each demonstrator was given an opportunity to tell of his particular line and each and every one who spoke was intensely interesting and highly instructive. Much regret was felt because Kate Brew Vaughn was unable to be present, but certainly her place was most creditably filled. All the demonstrators were flattering in their praise of the equipment of the kitchens of the Woman's club and the cordial spirit in which they were received.

To Mrs. Zayda Leonard, instructor in Domestic Science in the Sierra Madre school, goes the hearty praise and appreciation of all who were present. It was due to her untiring efforts that the whole day went off so well but Mrs. Leonard insists however that she could not have accomplished it except for Principal Elizabeth Steinberger's whole hearted interest and helpfulness.

The afternoon session was opened by the singing of two songs by girls of the 6th grade in caps and aprons made by themselves. Mrs. Leonard gave an interesting talk on the relation between physics, chemistry, civics, geography, history, economics—in fact, between all science and home economics. "History is the study of man's fight for food, shelter and clothing," and so is our study of home economics.

A group of four songs was given by the girls of the 7a grade, followed by a beautiful piano solo by Miss Pfahler, music instructor at the school.

A birthday bouquet was given to Mrs. Seeley, this being an anniversary day for her.

Mrs. Stork asked for opinions as to whether or not a Wistaria Fete should be held this year. Finally a rising vote was taken which proved to be unanimous in favor of a fete. No negative vote was cast.

Bethany Church Ends Big Year With a Dinner

Very encouraging reports were brought from every committee of the church to the annual meeting and dinner of Bethany church held in the new Bethany hall Wednesday evening at which 125 were present. The Sunday school under the leadership of Dr. S. H. Cram and the Missionary society with Mrs. John Lowe as president, were the outstandingly successful church organizations though all branches of the work were exceptionally prosperous, both in interest and in offerings. The dinner was served by the Missionary society.

he retiring officers of the church were all re-elected to their stations. A large number of additions to the church was reported and much satisfaction was expressed by all at the results of their year's efforts. Dr. Elwood P. Lyons, pastor of the church, was presented with a purse in appreciation of his year's work.

Dr. and Mrs. Elwood P. Lyon are moving this week to Sierra Madre from Los Angeles to make their future home.

Local Firm to Represent Big Home Builder

Of interest to prospective home-builders in this community is the announcement, made yesterday, that Pacific Ready-Cut Homes, Inc., of Los Angeles, have appointed the local firm of Andrews & Hawks to act as authorized distributors and builders of Pacific Ready-Cut Homes in this vicinity. The local firm's offices are located at 27 North Baldwin avenue.

"We are indeed delighted to tell our friends and all prospective home builders in this neighborhood," said Mr. Andrews yesterday, "that we are the authorized distributors and builders of Pacific Ready-Cut Homes. I feel that most all prospective home-builders in Southern California are more or less familiar with the great savings of money which the Pacific System makes on every home building job, but there are probably some folks yet who do not understand this system and to them we are issuing a special invitation to come in and talk to us.

The local firm is now distributing free of charge a very attractive booklet of 20 plans. This is said to be creating much favorable comment among local home owners and prospective builders.

Mrs. Milton Steinberger was the guest of Mrs. E. C. Newton, Cahuega street, Los Angeles, over the week-end. Mrs. Newton lived in Sierra Madre for a number of years.

Plans for a jolly time at the Parish House next Thursday evening are in order. The girls of St. Catherine are preparing to serve a supper at 6:30, after which cards are to be enjoyed during the evening.

explanation of what the Woman's club is doing to show its interest in the suggestion that the Hastings ranch would be an ideal new location for the Southern Branch of the University of California. At a previous board meeting a committee of three was appointed to confer with Mr. Hastings, the owner of the property, and Mr. Henry O'Melveny, chairman of the committee representing the board of regents which is looking over available and desirable property. The University desires 1,000 acres and does not intend to pay any money for the land, but after a conference and at Mr. O'Melveny's suggestion a letter was prepared and sent to his board setting forth all the points making the Hastings property desirable. Mr. O'Melveny, while stating that the appeal was somewhat late, gave assurance that the letter would be read and given consideration. The letter sent was signed by the committee of three who were Mrs. J. Milton Steinberger, Mrs. John Osgood and Mrs. Elmer A. Green.

Model Home Draws Large Crowd Daily

"Two hundred in two hours, and then we lost count," is the way G. I. Farman of the Sierra Madre Electric company described the procession which is finding its way to the model home at 547 West Central. The house is the result of the best efforts of Architect R. M. Finlayson, Contractor George Clark, Sierra Madre Paint and Paper Store, Blinn Lumber company, Sierra Madre Hardware company, H. H. Steinberger, cement contractor, the Birch-Smith Furniture company, and the Sierra Madre Electric company.

The home is well supplied with demonstrators, both men and women, who are prepared to show visitors the details and the unique features which make this place a model home. Not only are the built-in features on display, but there are a number of accessories on display which would add to the comfort of that most wonderful place in all the world, "home." The crowd is not entirely composed of local people, but a large number of visitors are calling from all parts of the valley, which has been covered by advertising matter.

EDITORIAL COMMENT

KNOW YOUR RABBIT

In life the rabbit is looked upon as a most ordinary species of the animal kingdom, but after death he may rise to a high dignity, according to the government biological survey, which has issued a warning to purchasers of fur garments with fancy names.

The poor little cottontail is the source of many wonderful furs, according to the survey's report, and his modest covering is now sold under the following names: American seal, Arctic seal, cape seal, chinchilla, clipped seal, ermine fox, French seal, Northern seal, Polar seal, mouse seal, new seal, and a few others.

Purchasers of furs are urged to become acquainted with the texture and other characteristics of the rabbit's pelt, so that they may not be fooled by the high-sounding names under which it is now sold to the unsuspecting public.

Chemistry will play an important part in improving the human race of the future, says a scientist. Here we cannot refrain from quoting a cynic's remark that chemistry has already given us some mighty good-looking blondes.

There are 63 million swine in the United States, according to the agricultural census, which does not take account of the road hogs.

"OH, DOCTOR!"

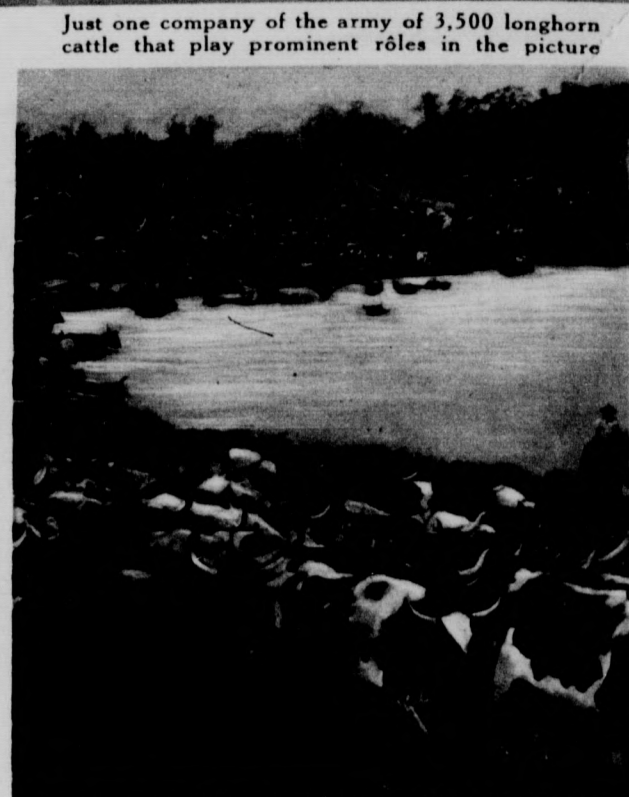

The heart of every American will thrill at "North of 36", a spectacular epic photo-play and exciting romance of the olden, golden West of the cattle ranges

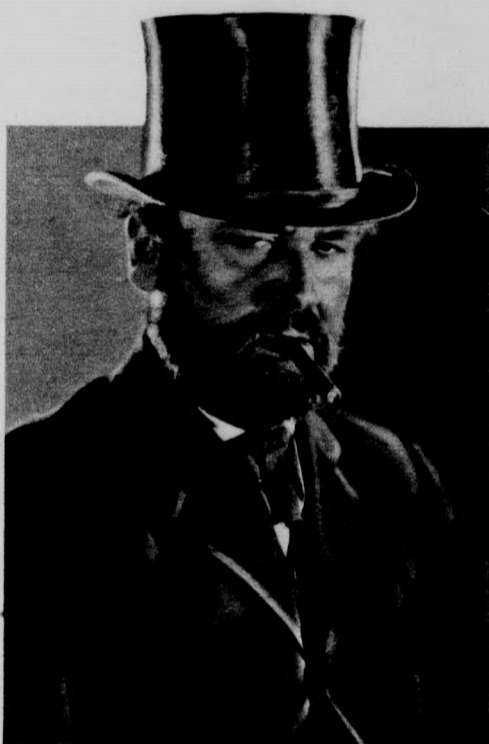

Lois Wilson and Ernest Torrence give even better performances than they did in "The Covered Wagon"

Lovely Lois Wilson as "Taisie Lockhart," brave heroine of "North of 36"

Just one company of the army of 3,500 longhorn cattle that play prominent rôles in the picture

Noah Beery has a marvelous part in "Rudabaugh," Texas land-shark and killer

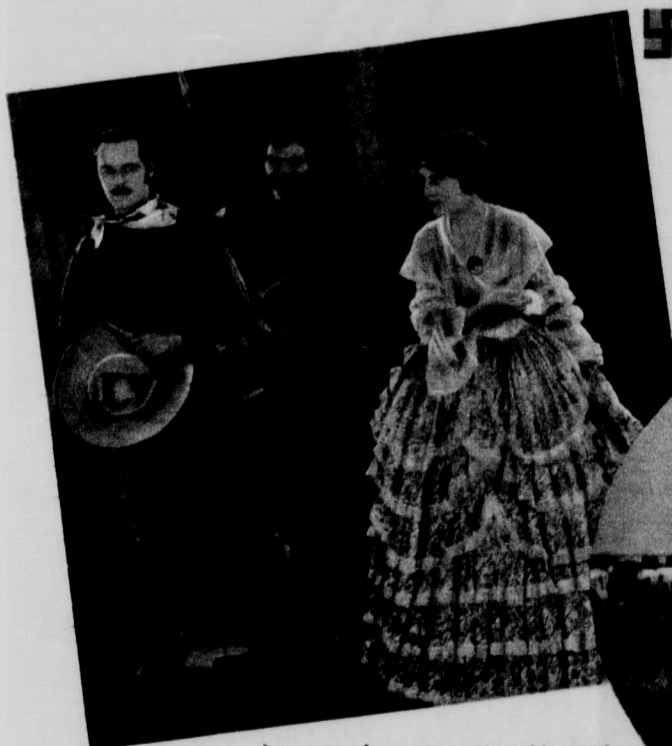

"NORTH OF 36"

WHAT "The Covered Wagon" did for the romantic pioneer days of '49, "North of 36" does on the same sweeping scale for the rollicking, turbulent after-the-war period of the '70's. It is the time when the great republic, having weathered the storm of war, is setting sail for further adventures.

Irvin Willat, producer of "Wanderer of the Wasteland," has caught the glamour and fascination of his remarkable period of our history perfectly in "North of 36"—no less perfectly than did Emerson Hough, who wrote both the novels "North of 36" and "The Covered Wagon." On the same wide-flung plan on which "The Covered Wagon" was produced, Willat has pictured the story of "Taisie Lockhart" (Lois Wilson), girl rancher, who has inherited the greatest herd of cattle in Texas. How "Taisie," to avert poverty, drives her gigantic herd North, aided by her ranch foreman "Jim Nabours" (Ernest Torrence) and a certain handsome mysterious stranger "Dan McMasters" (Jack Holt), is harassed at every turn by the villainous "Rudabaugh" (Noah Beery) and his cohorts, by Indians, stampedes, raging rivers, and all sorts of perils, and finally fights through to victory, is unfolded in a picture that will thrill Americans to the very marrow!

(Below) Ernest Torrence, as "Jim Nabours," which reminds you of his "Bill Jackson" in "The Covered Wagon"

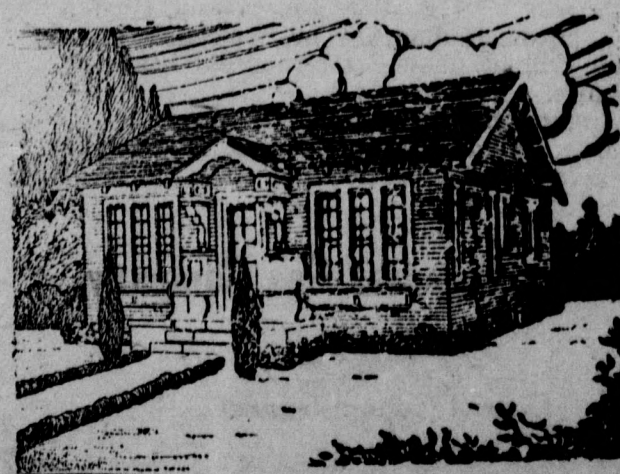

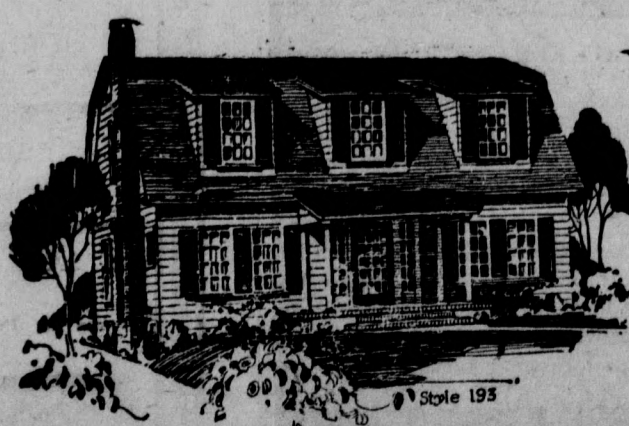

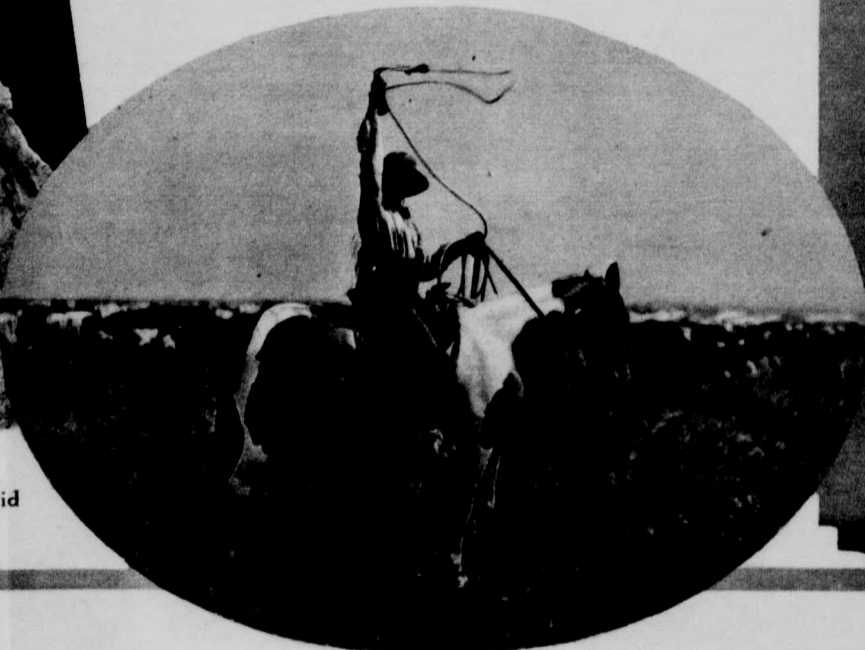

A sweet love story is told amid the stirring adventures

(Right) Handsome Jack Holt never had a better rôle than as hard-fighting "Dan McMasters"

(Below) "North of 36" was filmed on the site of the story, the burning alkali plains, canyons and ranches of Texas

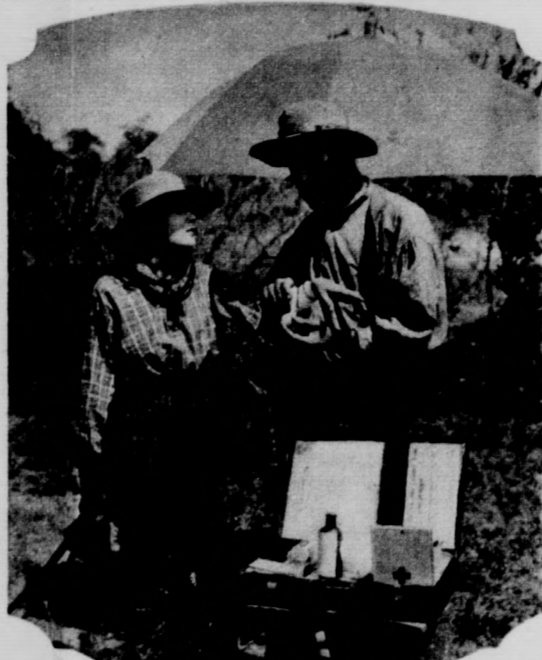

"North of 36" was written by the author of "The Covered Wagon" as the sequel to that great tale of pioneer days and is equally enthralling and rich in adventure

There are many flashes of wholesome humor as well as tense dramatic action in "North of 36"

In riding breeches Lois is twice the peach she always has been

Indians, cowboys, bronchos, longhorn cattle, etc.

Just before the start of the scene in which thousands of infuriated longhorn cattle stampede across a river

(Below) The clash between "Rudabaugh" (Noah Beery) and "McMasters" (Jack Holt) is one you'll long remember

"Jim Nabours" (Ernest Torrence) senses dirty work afoot

"If we're both alive—which I doubt—when we get to Abilene, I'll marry you," "Taisie" promises "Dan"

North of 36 in 3-Day Run At Theater

The journey of Columbus across the Atlantic in 1492 required no more courage than the trip made by the pioneers of the south in their attempt to establish a definite trail between Texas and the railroads in Kansas.

The first caravan traveling from the Gulf of Mexico to northern United States faced fearful odds—Indians, carpet-baggers, floods, fire, wild animals, and many more obstacles described in Emerson Hough's historical novel, "North of 36," which Irvin Willat produced in picture for Paramount.

Like Columbus, the first caravan had no guide save the compass and stars. Nobody had ever been over the trail before. Those who had attempted never returned to tell the tale. What happened, nobody ever knew.

In "North of 36," the first journey from the south to north is told upon the screen scene for scene as it actually occurred 61 years ago. Nothing has been left out, nothing added. The true story of the hardships and suffering of the brave band was so thrilling that it required no change to achieve the supreme in drama.

Prominent in the cast of "North of 36" are Jack Holt, Ernest Torrence, Lois Wilson, the "Covered Wagon" girl, and Noah Beery. The picture opens a three-days' engagement at the Wistaria theater on Thursday next.

"The Beloved Brute"

Another popular novel will be presented on the screen at the Wistaria theater on Saturday, Jan. 31. It is the picture by J. Stuart Blackton of Kenneth Perkins' thrilling novel, "The Beloved Brute." The book was published by the Macaulay Company of New York in 1923 and was accorded a hearty reception by the fiction-loving public. It has continued to enjoy a heavy sale. Marguerite de la Monte is the heroine of the screen adaptation, with Victor McLaglen and William Russell also featured.

"The Mine With the Iron Door"

"The Mine with the Iron Door," from a novel by Harold Bell Wright, and telling a story of lost mines in Arizona, will open the week's program of pictures on Sunday, Feb. 1, showing until Feb. 3. This picture is said to be one of the most thrilling that has yet been made and contains an unusual love interest.

The local officers have been busy practicing for several weeks so that their work would meet the approval of Mrs. Boorman when she made her inspection. Mrs. Blanche L. Muskrath promises a surprise in the way of refreshments to those who attend.

POPULAR STOCK COMPANY TO BE HERE ON FEB. 6-7

Sierra Madre Post, American Legion has secured the services of the well-known stock company formerly at the Raymond theater, Pasadena, to present under the auspices of the Post the farce-comedy, "A Pair of Sixes."

This well known organization of players needs no introduction to the people of Sierra Madre, their popularity and success in the neighboring city having made them familiar to local theater goers. After four seasons in stock theirs is an organization far superior to most traveling companies, and in the play, "A Pair of Sixes," their talents are given ample scope. The play is a delightful tonic for any sort of gloom, presenting one ludicrous situation after another, keeping the audience in gales of merriment. The curtain is not up five minutes until the fun begins, and the play continues to get more humorous and develops many complicated situations as it proceeds.

"A Pair of Sixes" is under the direction of Victor Donald and the stage management of Wendell Wilson, both of whom also play leading parts in the production. Betty Thayne, the popular ingenue of the company, is cast in a part much to her liking, and the supporting cast includes such well-known and popular players as Isabel Hart, Ferris Benjamin and Grace Frederick.

BARBER SHOP HOLDS OPENING

Alvin Langley and Frank McCaslin were hosts to the community Monday night at the formal opening of their new barber shop in the Bank building. The shop, which has been equipped with new furnishings, was decorated with baskets of flowers and ferns. Music was provided and refreshments were served. A large number of friends and patrons of these well known business men were present to inspect their new equipment and offer their best wishes.

Charles P. Moyer Passes Away at Home on Laurel

Charles P. Moyer, 60 years old, died at his home, 257 West Laurel, Wednesday night. Mr. Moyer was for many years auditor for the Salt Lake railroad and had a large circle of friends and acquaintances among railway officials and men prominent in political life in California. About two years ago he moved his family to Sierra Madre on account of ill health. He was a member of the Masonic fraternity affiliated with South Gate lodge in Los Angeles. He had lived in Los Angeles for many years before coming to Sierra Madre.

He is survived by a widow and a daughter, Mrs. May Dempsey, both of this city. Funeral services will be held from the Chapel of Peck and Chase in Los Angeles, Saturday afternoon at 2 o'clock, under the direction of his home Masonic lodge.

Mr. and Mrs. Frank Brooks and sons Earl and Frank, Jr.; Mr. and Mrs. Ott; Mrs. H. Baughman and daughter, Cecelia, all of Farmer, S. D., and Mr. and Mrs. C. Erle Goodland of 4310 Melbourne, Hollywood, were guests at the W. J. Schiltz home, 67 E. Highland, recently.

The members of the graduating class were entertained Tuesday night at the school house by members of the Eighth B class. The members of both classes had prepared a number of clever toasts all in poetry, which drew an enthusiastic response from all those present. Several speeches were made by members of the student body and by visitors, including a talk and a number of stories by Dennis H. Stovall, scoutmaster and story writer.

CHILDREN MAKE RECORD TIME IN NEW FIRE DRILL

A demonstration of the new fire alarm system, recently installed in the school, resulted in a record drill Wednesday morning. Every pupil was out of the building in 32 seconds after the alarm was sounded and the entire school was assembled in orderly ranks in 50 seconds after the alarm. The drill was witnessed by J. O. Smith, and Mrs. F. H. White of the board of trustees, and Mrs. R. S. Jensen, acting for her husband, Marshal Udell, G. I. Farman, George S. Anderson and a representative of the News. The alarm was a given as a surprise as the children sat in the rooms. The new system, which has just been installed in the school, is provided with a switch in every room so that the fire signal may be given from every part of the building. A tumbler switch is pulled and the bells continue ringing until shut off. The system was installed by the Sierra Madre Electric Co. Signals such as are used in the Pasadena school will be installed later.

Mr. and Mrs. J. W. Krauter of Pasadena were here Thursday visiting friends. Mr. Krauter is in charge of the work of the Railway Educational Bureau for the western half of the United States. His home office is in Omaha.

THOMAS MEIGHAN
IN "COMING THROUGH"
A Paramount Picture

Thomas Meighan crashes through with his greatest entertainment in several years in "Coming Through," a big, vital drama of a man who had to fight to make good

"COMING THROUGH"

THOMAS MEIGHAN has delivered a big, powerful, engrossing action-entertainment in "Coming Through," adapted from Jack Bethea's Collier's Weekly serial and novel, "Bed Rock." Lila Lee heads a fine supporting cast.

Meighan in "Coming Through" has the rôle of an obscure clerk for a mining corporation. Determined to forge ahead at any cost, he makes love to the president's daughter and elopes with her. The bride's father denounces him as a black-mailer and banishes him to an almost impossible job in a wild Alabama mining town. Without even the friendship of his wife, Meighan fights desperately to make good—and does.

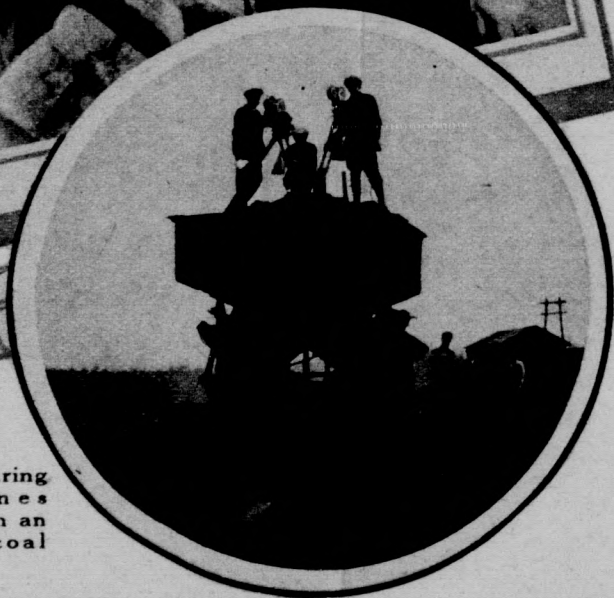

Much of the thrilling action was actually filmed in an Alabama coal mine. A mad flight in a runaway coal car, a great fight between Tom and Wallace Beery atop a high tower, and many other scenes of adventure and love feature "Coming Through." You'll enjoy it!
